## **WHAT:**

Make a stand and line the streets.  
Be the voice for your harbour.

## **WHERE:**

Choose a safe and visible location along the A259 from Emsworth to the Fishbourne roundabout.  
Also anywhere from Hayling Beachfront to Langstone, along the A286 from Apuldram to West Wittering and further afield. Let's make this BIG!!

## **BRING:**

Your friends and family, homemade banners, items to make noise and be heard and WEAR high vis jackets/bright clothing.

## **WHY BOTHER?**

Say ENOUGH to the destruction of the AONB. Shout ENOUGH to threats to precious wildlife; the degradation of the harbour's ecology, salt marshes and our unique chalk streams.

ENOUGH to relentless development backed by insufficient wastewater treatment capacity and zero additional infrastructure.

Participants attend at their own risk. Please act responsibly & be safe at all times.
