

Do you love trees as much as we do?

Here are some fun tree-based activities.

1

Leaf gazing

Look at the shape of the leaves.
Say what you see.
Can you match the leaves to their tree?

2

Tree safari

Take a magnifying glass.
See how many different plants and
beasts you can find living on a tree.

3

Mud painting

Go to your playground or park and use
mud mixtures to paint a picture of the
trees you can see.

4

Tree tales

What would your tree say if it could
talk? Write a story to tell your tree's
tale.

5

Make music

Make your own instruments using
sticks, seeds and cones that have
fallen from trees. Make up a tree song
to go with it.

Fun fact!

1 oak tree can provide a
home for **2300** creatures!
